CT2.301# - CUTTING UNIT BOUNDARIES (09/01)

The boundaries of cutting units are designated as shown in the following table. The trees used for boundary designation are not to be cut.

Cutting Unit Boundary Designation Table

| Cutting Unit | Paint Color | Designation |
|--------------|-------------|---|
| ALL | N/A | Where units or portions of units are immediately adjacent to National Forest System Roads, cutting unit boundaries are designated by the National Forest System Road, as identified on the Sale Area Map. |
| ALL | Orange | Where units or portions of units are not immediately adjacent to National Forest System Roads, cutting unit boundaries are designated by a horizontal line and unit number facing into the interior of the cutting unit, with a single vertical line on each side of the tree indicating the direction to the next boundary tree. A stump mark is located at the base of the tree on the downhill side. |

C2.356# - INDIVIDUAL TREES (LEAVE TREE MARKING) (9/01)

Notwithstanding B2.35, all live, dead and windthrown trees meeting utilization standards in A2, in units shown as LTM on the Sale Area Map, are designated for cutting. Trees to be left uncut are marked above and below stump height as shown in the table below.
